Family Vets for Family Pets

the PAWS POST

July / August 2017

We Have Lift-Off!

Our new, quarterly newsletter will bring you up to date with all the latest news, offers and events taking place at your local Blacks Vets; the family vets for family pets.

So pop the kettle on, make yourself comfortable and enjoy a round-up from the Black Country's favourite veterinary group.

With love from The Blacks Team x

LOOKING TO PROTECT YOUR PET AND YOUR POCKET?

Many of you will now know that our Healthy Pet Club has been re-launched as Protect My Pet Club - an easy and affordable way to provide your pet with the very best in preventative care.

Suitable for dogs, cats and rabbits, the programme includes all flea, worming and parasite treatments (including Lungworm - a killer in dogs), annual vaccination boosters, two nose to tail health assessments and a nail clip plus one free veterinary consultation. * Typically, our clients save between 30-60% on routine care and prices start from as little as £8.99 per month. Help keep your pet happier and healthier for longer. (*Please ask for full terms and conditions or review our detailed literature)

Visit our website for more details or call your local branch and request an appointment.

NEW WEBSITE

As some of you may already know, we launched our super new website in September so it's now even easier to find exactly what you need from us online.

Whether you need to request an appointment, find out what's on in branch or learn more about our team and services, you can do so with ease from our mobile and tablet friendly site. If you haven't checked it out already visit us at www.blacksvets.co.uk. We'd love to hear what you think!

REFER A FRIEND AND YOU BOTH BENEFIT!

Did you know that when you refer a friend to any of our five practices, you will receive a £10 voucher?

This can be used towards the cost of a consultation or vaccination and is our way of saying thank you. Your friend will also receive £10 credit on their account to use when they next visit.

WELCOME ABOARD

We're happy to recently have welcomed Dr Daniel Lee, Dr Piotr Kubiak, Dr Sarah Smith and Dr Hugh Wrigley to our veterinary team.

Dr Lee is a recent graduate of Bristol University where his areas of special interest include surgery. Dr Kubiak was born and initially trained in Poland before moving to Finland and has worked with a wide range of animals. His special interests include ultrasound imaging and dental work. Dr Smith brings a huge breadth of experience with her having worked in the UK, USA and the Middle East. Her special interests are in feline medicine and dentistry. Dr Wrigley joins us from Australia where he worked as a small animal vet. A great all rounder, he also has a particular interest in dermatology. We're sure you'll meet them at some stage when visiting Blacks and will join us in making them feel part of the Blacks fold!

BLACKS FIND TV FAME AGAIN!

You may remember seeing us on TV last summer. If you do, you may recall seeing our MD, Tracey and Practice Manager, Val, being put through their paces recruiting a new receptionist at our Accredited Veterinary Hospital in Dudley.

Well, opportunity knocked again, this time for our very own Partner vet and cardiologist, Dr Girish Thakral. Approached by BBC Two to act as consultant vet on their new prime time show 'Me and My Dog: The Ultimate Contest', Girish was responsible for the health and well-being of the eight canine contestants as they undertook a series of trials with their owners. The grand final aired on Wednesday 26th April and is now available to view on BBC iPlayer.

THINKING ABOUT A NEW PET?

Summer is here and for many of us it's an ideal time to introduce a new member of the family.

Don't forget our fantastic Pet Starter Pack which provides primary vaccinations, a microchip, health check and flea & worm treatment all for a bargain £50!

GET SOCIAL WITH US!

We love to see pictures of your pets and hear about what they've been up to!

If you've got some pics that you'd like to share with the Blacks family via Facebook or Twitter, why not email them to us at
